EDUCATION

Computer Science

*Champlain College Saint-Lambert,
Canada* / 2021 – present

PROFILE

Motivated third year student interests in computer science and design, more precisely CSS and creating colors. Designed many different types of applications (video games, mobile applications, web applications). I am keen to take on challenges and help other by providing support in their IT tasks.

WORK EXPERIENCE

Rabia Patel Art

Champlain College Saint-Lambert, Canada | Sept. 2023 – Feb. 2024

- Online shop for an artist to sell her artworks
- Worked as developer, bringing Full Stack additions, such as allowing the artist to modify her artworks on sale
- Developed and managed the project using many technologies and tools including React, Spring Boot, Selenium, Jira, and Scrum methodology.

Pet Clinic Project

Champlain College Saint-Lambert, Canada | Aug. 2023 – Oct. 2023

- Web Application for veterinary clinic to deal with clients, vets, and appointments
- Collaborated as developer, with a team, on the Bill microservice, bringing Full Stack additions, such as a tax calculator
- Developed project, using AngularJS, Spring Boot, MongoDB, and Agile and Scrum methodology.

Volunteering

338 Squadron Air Cadets, Canada | Sept. 2016 – Dec. 2019

- Collect funds for Remembrance Day fundraiser
- Community Service Optimist Club Christmas basket distribution
- 338 Junior Wildcat Squadron fundraiser
